Four generations of faith

“I am reminded of your sincere faith, a faith that first dwelt in your grandmother Lois and your mother Eunice and now, I am sure, dwells in you as well.”

2 TIMOTHY 1: 5

Rooted to Flourish

“When young lives are rooted in Scripture and nurtured by godly role models, they can grow to flourish in faith, Christlike character and fruitful service to God.”

ROOT

Receive God's Word.

Observe godly lives.

Obey God’s Word.

Take root and bear fruit.

1: Receive God's Word

"But as for you, continue in what you have learned and have firmly believed, knowing from whom you learned it and how from childhood you have been acquainted with the sacred writings, which are able to make you wise for salvation through faith in Christ Jesus."

2 TIMOTHY 3: 14-15

2 TIMOTHY 3: 14-15

2: Observe Godly Lives

You, however, have followed my teaching, my conduct, my aim in life, my faith, my patience, my love, my steadfastness, my persecutions and sufferings that happened to me at Antioch, at Iconium, and at Lystra—which persecutions I endured; yet from them all the Lord rescued me.

2 TIMOTHY 3: 10, 11

2: Observe Godly Lives

“Even the simple messages she prepares for the children minister to my heart, reminding me of God’s love and strengthening my faith…”

“Aunty Kerine loves because Christ first loved her, and we are blessed to experience that love through her care for us.”

- Amy Lai (Senior Infant Educator)

3. Obey God's Word

"All Scripture is breathed out by God and profitable for teaching, for reproof, for correction, and for training in righteousness, that the man of God may be complete, equipped for every good work."

2 TIMOTHY 3: 16

4: Take Root and Bear Fruit

For this reason I remind you to fan into flame the gift of God, which is in you through the laying on of my hands, for God gave us a spirit not of fear but of power and love and self-control.

2 TIMOTHY 1: 6

4: Take Root and Bear Fruit

Continue in the faith

(2 Tim 3: 14)

Pass the spiritual heritage and responsibility to others

(2 Tim 2: 2)

Seeds become roots.
Roots become trees.
Trees bear fruit for generations.
